David S. Ching
Mechanical and Industrial Engineering Department
Outstanding Senior

**David Ching** will be completing his B.S. in mechanical engineering this spring with a minor in applied mathematics. His academic record is exemplary, with a near-perfect 3.974 GPA. He has been engaged in research with Professor Pushpendra Singh and is presently serving as an intern with Valcor Engineering Corporation in Springfield, New Jersey.

Beyond his outstanding academic, research and internship accomplishments, David has actively given his service as a volunteer for the Port Monmouth First Aid Squad in addition to a number of other external programs including the Pocono Family Ministries in Pennsylvania. In the NJIT community, he is presently President of Pi Tau Sigma, the Mechanical Engineering Society, as well as a member of Tau Beta Pi and ASME.

After graduation, David plans to attend graduate school for his master’s degree in mechanical engineering. He would like to eventually earn a Ph.D. in mechanical engineering with a specialization in fluid dynamics. His career plans include research in fluids and possibly sharing what he has learned through teaching.
